

REQUIREMENTS FOR PAPER SUBMISSION

All papers shall be in English
The Drafting Requirements of the Scientific Articles

The Structure of the scientific paper:

1. **Title** (*centered, Capital letters*) (*Times New Roman; 14pt; Bold*)
2. **Author(s)** (*Name and Surname, Name and address of the affiliated Institution, e-mail, phone number, aligned right*)
3. **Abstract** (*Times New Roman, 10pt, Italics, about 200-250 characters. The abstract should comprise the actuality and aims of the research, the research methods and the most important results achieved*).
4. **Keywords:** (*4-8 keywords, Italics*)
5. **JEL Classification**
6. The article shall have the following sections:
 - Introduction (the importance and the main objectives of the research)
 - A short analysis of the main bibliographical references in the field of research.
 - A description of the research methods used
 - Conclusions/recommendations
 - Bibliography – the last section of the article (*Name, Surname Initials, title, publisher, year, number of pages*). The reference in the text shall be in square brackets according to the reference number in the bibliography, including the pages.

ADDITIONAL REQUIREMENTS

- The researches have to be **original and previously unpublished**
- The articles are to be written in **English**
- The **length of the paper should be from 4 to 15 pages**
- **Line spacing is 1.5, text at 12pt**
- Graphics (*tables and figures*) have to be of a high quality, included after the reference in the text.
- All Tables and figures must be followed by a Title and Order number (*before the table, under the figure*), source and if necessary, additional information: notes, legend.
- NO PICTURES will be accepted as tables and figures.
- The e-variant of the article will be sent to stiinta@ase.md
- The received articles will be reviewed and assessed based on the relevance of the research, explicitness and personal scientific contribution.
